30-CL & 100-CL WNFLI-LEWB CFNE ZLICKS (uot shown)

Use only Cool Shot Super Low Temp Mini Glue Sticks

Glue dispenses quickly, dries in seconds

Uses AdTech Multi-Temp mini glue sticks

• Uses AdTech Multi-Temp mini glue sticks

Uses AdTech Multi-Temp mini glue sticks

For delicate materials, florals, fabrics and foam

Excellent for beginning crafters

For crafts & small home repairs

SO watts of power

PROJECT PRO GUN

JO watts of power

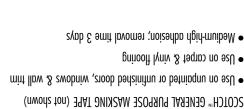

HIGH-TEMP MINI GUN

Ideal for quick fixes

JO watts of power

LOW-TEMP GLUE GUN

For wood, metal, glass or small home repair jobs

 Medium adhesion level; removal time 14 days cnived surfaces • Use on walls, metal hardware & tixtures, untinished wood & trim and Provides professional looking, clean paint lines Mask trim, woodwork & glass.

 Versatile; works well on smooth to lightly textured surfaces SCOTCH-BLUE[™] PAINTER'S TAPE Securely mounts posters and lightweight objects

primed & painted walls Use on wood walls, doors, tile, glass, refrigerators, vinyl wallpaper, Double-sided, removable mounting tape SCOTCH® POSTER TAPE

 For lightweight mounting — photos, posters, artwork glass, retrigerators Use on wood, ceramic tile, gloss- & semi-gloss-painted walls, Adheres and conforms to a variety of smooth and textured surfaces SCOTCH® REMOVABLE MOUNTING SQUARES

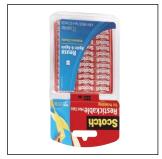

> Strips, Tabs and Sheets can be cut to size Kestickable, removable, reusable For lightweight mounting – photos, posters, artwork Dise on smooth surfaces: windows, walls, retrigerators SCOTCH® RESTICKABLE ADHESIVE TABS **3M® MOUNTING SQUARES & TAPE**

& laminates • Excellent adhesion to many surfaces - cloth, vinyl, leather, plastic, metal Tears easily by hand without curling; contorms to uneven surfaces ullet For craft applications, coordinating repairs & color-coding materials PRINTED DUCK® TAPE

Tears easily by hand without curling; conforms to uneven surfaces

- High-pertormance strength & adhesion & imaginative projects
- For coordinating repairs, color-coding materials, tashion, cratting COLOR DUCK® TAPE
 - Easy-release liner
- Weather-resistant ullet For hanging, seaming, repairing & temporary mounting applications
 - SPECIALTY DUCK® TAPE
- More durable than Utility Grade Duck Tape® Tears easily by hand without curling, conforms to uneven surfaces
- Recommended for everyday household repairs STANDARD DUCK® TAPE
 - prom accessones.
- flowers, wallets, beach tote, purses, costumes, decor and \bullet At loann.com®: innovative craft ideas for crafting with Duck® tape - Tears easily by hand
 - Use for coordinating repairs & color-coding
 - Strong, sticky & waterproof
 - creative crafts activities
 - ullet Color & printed choices for everything from repairs to DUCK® BRAND DUCT TAPE

HELPFUL GLUE TIPS

- START OUT CLEAN. Apply glue to a clean, dry, dust-free surface. An extra slick surface may require light sanding with fine sandpaper to help glue adhere.
- COVER UP. To avoid glue soak-through, cover work surface with wax paper, coated freezer paper, aluminum foil, plastic sheeting, an old tablecloth or shower curtain.
- NO SMOKING! Work with solvent-based glues in a well-ventilated area, away from flames. Dry glue is non-flammable.
- KIDS' GLUES are formulated to wash off with soap and water. Use craft sticks, sponges, plastic spatulas, wooden skewers, foam and inexpensive brushes to apply. Toothpicks & cotton swabs work well in small spots.
- GLUE & SEW. Use washable, flexible acrylic-based, rather than resin-based, glues on fabrics. Allow glue to dry before sewing, to avoid build-up on needle. Wipe needle clean while working to maintain stitch quality.
- MAKE A MISTAKE? For best results, remove glue while still wet. Keep paper towels and wipes at hand. Clean up varies by glue type. Refer to packaging for recommendations, which can include acetone, hot water or citrus-based cleaners.
- CLOGGED TIP. Remove lid, poke a heavy pin into the hole from the outside and replace the cap.
- NICE & TIGHT. To prevent glued pieces from slipping apply a thin layer of glue to both objects to be adhered. Partially dry for up to 5 minutes. Tightly join the pieces with a clamp or tape until completely dry.
- SUPER STICKY. Soak super glue-bonded fingers in warm, soapy water. Gently massage fingers back and forth in a rolling, peeling motion to separate the bond. Do not attempt to pull fingers apart
- HOT TIP. When using hot glue stick, use toothpicks, rather than fingers, to push glue into place.
- NO STRING ATTACHED. Use a blow dryer to remove hot glue webs when project is complete. Store hot glue sticks in the freezer to cut down on strings forming when in use.

• PROPER STORAGE: To prolong the shelf life of most glues, close caps tightly and store away from sunlight and extreme temperatures.

APPLICATION METHODS

Krazy Strong, Krazy Fast

TUBE:

PEN:

BRUSH: Provides excellent surface coverage

• Controlled application for small tasks

PRECISION TIP: • For hard-to-reach places and delicate tasks • Sure-grip threads improve control

GEL TUBE: • Self-piercing applicator cap

SINGLE USE TUBE: • Handy size for individual use
