skill level **2**

## SUPPLIES & TOOLS:

- Fons & Porter™:  
60° Pyramid Ruler  
Rotary Cutter  
Ruler  
Klutz Glove
- Cotton quilting fabric, 1/8 yd each: 16 prints
- 1/3 yd cream quilting fabric: background triangles
- 1/4 yd cotton print binding
- 1 1/4 yd cotton print backing
- 40" sq quilt batting
- Sewing machine
- Iron, pressing surface
- Basic sewing supplies

**DIRECTIONS:** Measurements include 1/4" seam allowances. RS = Right side(s). WS = Wrong side(s).

## CUTTING:

Cotton Prints:

1. Using the 60° Pyramid Ruler, choose the finished pyramid size, which in this project is 2 1/2". It will appear on a black horizontal line that corresponds to the finished size of the pyramid (equilateral triangle). Follow across the ruler to the right to determine the strip width; in this project it is 3". Cut a 3" strip from each of the 16 prints.
2. Fold first strip in half crosswise, with fold on the right. Beginning at left edge of fabric, rotate ruler so solid horizontal line of the finished pyramid size is along bottom of fabric strip. Top should also line up with top edge of fabric strip. Cut along slanted edges (Photo A).
3. Rotate ruler so solid horizontal line is along top edge of fabric strip and left side of ruler is aligned with slanted edge of strip. Cut along right edge of ruler for the next triangle (Photo B).
4. Continue cutting triangles across fabric, while rotating the ruler (Photo C). Repeat steps 2-4 for remaining 15 cotton prints, for a total of 162 triangles.
