

deco wrap® no-sew cornice

just ask, Jo-Ann how to

more projects available at Joann.com

Project courtesy of June Taylor®

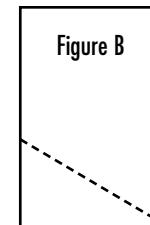

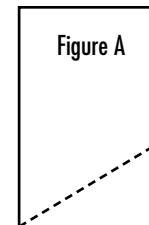

SUPPLIES & TOOLS:

For standard 40" Deco Wrap® cornice

- Deco Wrap® No-Sew Cornice from June Taylor®
- 1 yd main cornice fabric, plaid - 54" width
- 1/3 yd contrast fabric, eggplant - 54" width
- 2½ yds each of two fabrics for jabots, eggplant & floral
- 2½ yds lip cord, if desired
- Fusible tape
- Iron & ironing surface
- Basic sewing supplies

DIRECTIONS:

1. Follow the manufacturer's instructions included with the Deco Wrap® No-Sew Cornice to cover cornice and add contrast fabric. Add lip cord, if desired.
2. To create jabots, cut two pieces of jabot fabrics, each measuring 37"Wx42"L.
3. Match up one floral & one eggplant fabric wrong sides together. Repeat with other set.
4. On one fabric set, measure and mark 18" up from bottom edge along the length of one side. Draw a line from opposite bottom corner to this mark. Cut on line - Figure A. Do the same for the other fabric set, marking and cutting opposite side - Figure B.
5. Turn fabrics, right sides together, and using a 1/2" seam allowance, stitch sides and angled bottom of jabots. Or use fusible tape for a no-sew option.
6. Clip corners close to stitching, turn right side out and press edges.
7. Accordion fold fabric every 6" to create jabots, making sure to press each pleat as you fold.
8. Tuck top raw edge of jabot into back slot of cornice.

Skill Level 1: No experience needed

Approximate Crafting Time: 3 hours

Due to seasonal nature of project, supplies are available for a limited time only. Please read all instructions prior to beginning; read and follow all manufacturers' instructions for all tools and materials used. Provide adult supervision if children participate in this and all craft projects.
