DIRECTIONS:

1. Paint dowel and 2 wood doll pin stands for the horse eyes. Allow to dry.
2. Enlarge & trace horse head on craft foam. Cut out 2 layers simultaneously. Enlarge & trace mane & forelock. Cut one set for each side of horse head. On protective mat, punch holes in 1 layer of the head to use as a template for aligning punched holes in head pieces, manes & forelocks. Lace layers, beginning with the 2 front neck pieces; proceed around 4 layers of the head. Knot lacing ends; secure with a drop of glue; trim ends.
3. Cut strips of self-adhesive craft foam for harness. Make 2 of everything. Peel off paper & attach to head, ending strips under mane & forelock. Make 2 layered rosettes for the harness with craft foam circles, stars & shapes. Attach a gem to the center; glue to the horse when harness strips meet.
4. Attach wiggly eyes to wood doll pin stands; glue to horse. Cut small curved piece of craft foam for horse's smile. Allow glue to dry on 1 side; flip head over and repeat.
