DIRECTIONS: Refer to photo. Cover work surface with a Surface Cover™.

1. Place shirt on prepared surface & smooth flat.
2. Wearing gloves, carefully pour bleach on left side of top at an angle. Allow to set for an hour, or until color has been bleached out. Discard gloves and Surface Cover™.
3. Wash shirt in warm water with a small amount of laundry soap. Do not use fabric softener.
4. Cover work surface with a fresh Surface Cover™. Place damp shirt on surface & smooth flat.
5. Wear gloves from the dye box. Fill yellow dye bottle with water to line indicated. Shake until thoroughly dissolved. Squeeze dye at lower corner of shirt & fill in, leaving a border of bleached fabric.
